I have known Marcia Lowry for almost 10 years. I began my relationship with her as a tenant and it grew over time to close friend. I have received 4 or 5 healing sessions with Marcia and have been greatly impacted by those sessions. Marcia is sweet, kind and has a very loving heart. This is where her healing comes from – always from her heart. At each healing session I always felt very comfortable and safe with her. The very first session, Marcia realized that we were not alone and we realized that my dear Grandma came to visit. I have never felt such love and warmth. It was a truly amazing experience.

I also did a series of 7 healing sessions with Marcia scheduled around the lunar cycle. These were powerful sessions and proved to help me get through a difficult time with my daughter. I left each session feeling very supported and rejuvenated. At the final session of that lunar series, the most amazing experience happened – the room was suddenly filled with many of my spirit guides. Again, the overwhelming sense of love was wonderful as was the peace and contentment I felt after the session.

Marcia is a “healer” because this is her passion. She wants nothing more than to share the knowledge she has gained and to help people overcome whatever obstacles they are facing in their life or unresolved issues. She wants to help people to do the “work” that they need to do. Her very generous, loving heart and pure intentions combined with her gift for healing are what make Marcia special. Marcia would be a great asset to Spring Forest Qigong– a kind, loving, gifted healer.
